

Airflow Adventure Hire Safety Guidelines

1. Airflow Adventure systems are suitable for children 2 to 7 years old.
2. For indoor / outdoor use. To be used in dry weather, the airflow system is not rain proof.
3. Children must be supervised by at least 1 adult at all times.
4. Please remove shoes and sharp objects to avoid damaging the equipment.
5. No food or drink to be consumed whilst playing in the Airflow System.
6. Do not allow children to climb on top of the Airflow Adventure or play with/operate the fan unit.
7. Please ensure that the electric cable is taped / covered to prevent children from tripping. Do not allow the fan / electric cable to become wet.
8. Do not situate near flames or item emitting fumes e.g. BBQ / gas heater.
9. Inflation / deflation should only be carried out by an adult. Ensure all children have exited before deflation.
10. The equipment is cleaned and checked between each hire. Should you notice a damaged item, please notify us so that we can remove and replace it.
